VINTAGE STEAM CALENDAR 2016

COAL TANK DVD

BASHERS, GADGETS AND MOURNERS

The Bahamas Locomotive Society is once again offering the VINTAGE STEAM CALENDAR 2016. It follows the format of last year's highly successful and acclaimed calendar and features 13 black and white photographs, many unpublished, from the collection of the late Eric Oldham. The calendar is A4 size and is ideal for family and office use and features locomotives from the steam era.

We also have the new On Track Productions DVD entitled "LNWR Coal Tank 1054 the unsung hero". This features the loco in action between 1980 and 2013 and includes an additional free DVD featuring people involved with 1054 over the years. In addition the award winning book "Bashers Gadgets and Mourners – the life and times of the LNWR coal tanks" is also available.

You may use this form to order these items and of course they are available from the shop at the Ingrow Loco Museum which is open every day except Christmas Day.
